

September 2004

Ms. Marlene H. Dortch
Office of the Secretary
Federal Communications Commission
Washington, DC 20554

Dear Ms. Dortch:

I am writing related to the Petition filed by UNC-TV, the public television network serving North Carolina, to change WUND-TV/DT's community of license from Columbia, North Carolina, to Edenton, North Carolina.

As a viewer of and donor to UNC-TV through WUND, I support this Petition, and I urge the Federal Communications Commission to grant UNC-TV's request. I believe it is important that the FCC understand that those of us in the Norfolk DMA who live in North Carolina and who receive or want to receive television via satellite will benefit tremendously from this change. If this change is not approved, then thousands of satellite subscribers in eight northeast North Carolina counties—Hertford, Gates, Chowan, Perquimans, Pasquotank, Camden, Currituck, and Dare—will not have access to all those programs UNC-TV produces just for North Carolinians.

UNC-TV not only broadcasts excellent public television programs from PBS, but also, and more importantly, it produces and broadcasts hundreds of hours of programs intended for North Carolinians and those in surrounding states interested in our state's activities and issues. These programs include a nightly information program, **North Carolina Now**; a weekly program on activities at the North Carolina General Assembly, **Legislative Week in Review**; a weekly program on activities, events, and places to go in North Carolina titled **North Carolina Weekend**; a weekly interview program with prominent North Carolina citizens titled **North Carolina People**; and an extensive, ongoing schedule of documentaries and specials on North Carolina cultural activities and events.

Unfortunately, thousands of North Carolina citizens in the northeastern part of our state who receive their television service on satellite are unable to receive UNC-TV via the local-to-local service made available by their satellite provider. Instead, they will continue to receive their public television from a Virginia station while paying, through tax dollars and personal support, for the important and unique programming and services of UNC-TV. It seems to me to be unacceptable that these viewers who desire information and programs about North Carolina cannot receive them via satellite. If the FCC grants the UNC-TV request to change the city of license for WUND-TV/DT from Columbia to Edenton, then the people in these counties will be able to receive the service of UNC-TV via satellite.

I believe that this change will have an extremely positive impact on those viewers who want to receive UNC-TV by satellite. The public service benefit to the people residing in the counties mentioned would be tremendous. At the same time, the Columbia area will suffer no loss from this change. I strongly support UNC-TV's Petition.

Sincerely,

Becky McLanahan

Dear Ms. Dortch:

I am writing related to the Petition filed by UNC-TV, the public television network serving North Carolina, to change WUND-TV/DT's community of license from Columbia, North Carolina, to Edenton, North Carolina.

As a viewer of and donor to UNC-TV through WUND, I support this Petition, and I urge the Federal Communications Commission to grant UNC-TV's request. I believe it is important that the FCC understand that Columbia will not suffer as a result of this change; viewers of WUND will continue to receive WUND over the air and via cable, and UNC-TV's programming will continue to be available to satellite subscribers. If this change is not approved, then thousands of satellite subscribers in eight northeast North Carolina counties—Hertford, Gates, Chowan, Perquimans, Pasquotank, Camden, Currituck, and Dare—will not have access to all those programs UNC-TV produces just for North Carolinians.

UNC-TV not only broadcasts excellent public television programs from PBS, but also, and more importantly, it produces and broadcasts hundreds of hours of programs intended for North Carolinians and those in surrounding states interested in our state's activities and issues. These programs include a nightly information program, **North Carolina Now**; a weekly program on activities at the North Carolina General Assembly, **Legislative Week in Review**; a weekly program on activities, events, and places to go in North Carolina titled **North Carolina Weekend**; a weekly interview program with prominent North Carolina citizens titled **North Carolina People**; and an extensive, ongoing schedule of documentaries and specials on North Carolina cultural activities and events.

Even with a change in the city of license for WUND, viewers served by this station will continue to be served. And, if the city of license is not changed, thousands of North Carolina citizens in the northeastern part of our state who receive their television service via satellite will remain unable to receive UNC-TV via the local-to-local service made available by their satellite provider. Instead, they will continue to receive their public television from a Virginia station while paying, through tax dollars and personal support, for the important and unique programming and services of UNC-TV. It seems to me to be unacceptable that these viewers who desire information and programs about North Carolina cannot receive them via satellite. If the FCC grants the UNC-TV request to change the city of license for WUND-TV/DT from Columbia to Edenton, then the people in these counties will be able to receive the service of UNC-TV via satellite.

I believe that this change will have an extremely positive impact on those viewers who want to receive UNC-TV by satellite. The public service benefit to the people residing in the counties mentioned would be tremendous. At the same time, the Columbia area will suffer no loss from this change. I strongly support UNC-TV's Petition.

Sincerely,

Ms. Marlene H. Dortch

Support Letters from Virginia Residents in the Norfolk DMA

September 2004

Ms. Marlene H. Dortch
Office of the Secretary
Federal Communications Commission
Washington, DC 20554

Dear Ms. Dortch:

I am writing related to the Petition filed by UNC-TV, the public television network serving North Carolina, to change WUND-TV/DT's community of license from Columbia, North Carolina, to Edenton, North Carolina, placing WUND in the Norfolk Designated Market Area (DMA).

As a viewer and donor of UNC-TV in the Tidewater area, I support this Petition, and I urge the Federal Communications Commission to grant UNC-TV's request. Satellite viewers in the Norfolk region would enjoy having UNC-TV programs available to them. It would be a wonderful addition to the services offered by WHRO, and everyone would benefit.

UNC-TV not only broadcasts excellent public television programs from PBS, but it also produces and broadcasts hundreds of hours of programs about North Carolina. Those of us in Virginia who spend time in North Carolina really enjoy seeing these programs. These programs include a nightly information program, **North Carolina Now**; a weekly program on activities, events, and places to go in North Carolina titled **North Carolina Weekend**; and an extensive, ongoing schedule of documentaries and specials on North Carolina cultural activities and events. It is fun to keep up with our next-door neighbor.

I believe that this change will have an extremely positive impact on those viewers who want to receive UNC-TV by satellite—in North Carolina and Virginia. I support this Petition.

Sincerely,

UNC-TV NEEDS YOUR HELP

I am asking you to voice your support for our proposal to the FCC. In doing so, you will ensure that viewers across the northeastern part of our state will be able to watch UNC-TV via satellite. We will be presenting our case to the FCC and would like to include a letter from you in our proposal. I invite you to use the enclosed letter expressing that support, but you should also feel free to write your own. Even handwritten notes could have a positive effect on the outcome. It is very important that the FCC hear from viewers in the areas affected by this change.

It is best if we file your letter to the FCC for you, as a part of our overall proposal. Because this is a "restricted proceeding," please do not send any communications directly to the FCC. I have enclosed a stamped envelope for your convenience in returning your correspondence to me. Letters of support must reach UNC-TV by September 25 in order to have an impact on the ruling.

On behalf of UNC-TV, I thank you for your willingness to assist us in this urgent matter.

Sincerely,

Tom Howe

Director and General Manager

Enclosures

Dear Sir:

Oct. 20, 2004

I regret that this letter had gone unopened until now. We do support your effort in getting one of your stations changed as you discussed.

We have a cottage on Lake Gaston, and we get to enjoy UNC-TV, PBS, from Roanoke Rapids, CH-36 when we are there.

Please accept my gift, enclosed, for your fin. programming from PBS and local North Carolina interests.

Respectfully,
Wayne F. Hogg
